Dr. Killian's Address
(Continued from page 1)
will be distributed by the Institute at a
future date.

Below are reprinted excerpts from
Dr. Killian's address:

"Many people are now studying or working at M.I.T. than ever before in the history of
the Institute. More people are now studying or working at M.I.T. than ever before in the
history of the Institute. More people are now studying or working at M.I.T. than ever before in
the history of the Institute. More people are now studying or working at M.I.T. than ever before
in the history of the Institute. More people are now studying or working at M.I.T. than ever before in
the history of the Institute. More people are now studying or working at M.I.T. than ever before.

The class of '56 will have an opportunity to play
Field Day football. It is up to the class of '56 to
get the squad well coordinated. Tabor
ently the boys are waiting for a few
forms have been issued but appar-
a good practice. At least thirty uni-
ners will be hearing about in the mdnths ahead."

Basketball Rally
(Continued from page 1)

One returning member of nine let-
termen. Other players figuring to help
Tech improve on last year's 1-16
record are Jack Britch, '55; Bernie Gil-
lem, '54; Don Dix, '54; Bill Fried-
tech. A tentative schedule of fourteen
games has been set up with the cur-
el of the day is scheduled for October 22 at 5:15 p.m. at
the Whitelaw Tennis Court. Coach
Whitelaw heartily invites all inter-
students to attend the rally and tryouts.

Said Whitelaw, "We still had in our minds pictures
of those sweaty, short, dirty, until we
realized that walking beside us
was a number of the female sex. She
appeared to be at least forty years
old, and held all the bulges of
approaching age. My companion
regarded her in some conversation with
her that was beyond my comprehen-
sion. Evidently they had some kind
of intimate gossip in common, because
they were both sitting in it in a mysterious
manner. Her gestures aided the par-
ty, because we found ourselves
across a filled path into a marble-entranced building. I
pro-
ceeded with them up the stairs until
the turnarround, passe on my
shoulder, and gestured to me to wait
at the entrance. As I heard their steps
next, I turned around to examine
the people. Directly across the
path we were passing stood another
building with a similar entrance.

As I entered the room, I had to
find a place in the room to sit
very low. My friend was sitting on
a couch acrossing the woman who
met. She rose when I entered
and smiled. At that instant I thrust
lightly red makeup and ugly figure
the back, and the door
opened behind me.

CHOICE OF YOUNG AMERICA
FOR THE FIFTH STRAIGHT YEAR —

CHESTERFIELD
IS THE LARGEST SELLING CIGARETTE
IN AMERICA'S COLLEGES...

by a 1953 survey audit of actual sales in more
than 800 college co-ops and campus stores
from coast to coast. Yes, for the 6th straight
year Chesterfield is the college favorite.

CHESTERFIELD
IS THE ONLY
CIGARETTE EVER TO GIVE YOU PROOF
OF LOW NICOTINE—HIGHEST QUALITY

The country's six leading brands were ana-
lized—chemically—and Chesterfield was found
low in nicotine—highest in quality.

This scene reproduced from Chesterfield's
famous "center spread" line-up pages in
college football programs from coast to coast.
