Spanish Speaking Institute Students Comprise Own Club

One of the largest clubs on campus is the Club Latino with its roster of over a hundred members, most of whom speak fluent Spanish. The club was founded here in the fall of 1951; it is hoped that corresponding chapters may be established at other major colleges and universities throughout the United States.

Club Latino is open to all Institute students, male and female, who can demonstrate a satisfactory knowledge of Spanish, as Spanish is the official tongue of the club. Officers may be elected, but only by the discretion of the membership committee. The organization helps to broaden the outlook of its members to their new environment, encourages them to participate freely in school activities in order to derive full benefits from their years at the Institute.

TO ENGINEERING STUDENTS:

Graduating Engineers are offered a great future, in a great place to live by Lockheed Aircraft Corporation in Southern California.

Your Lockheed Counsellor will be on the campus to talk with you about:

- Tuesday, November 17

They will discuss:
- Your salary at Lockheed.
- Your field of engineering at Lockheed.
- Your training opportunities at Lockheed—and it major universities in the Los Angeles area.
- Your chance for quick advancement at Lockheed.
- The better living conditions for you in Southern California.
- The vast range of recreational opportunities in Southern California.

Contact your Placement Officer today for an appointment with a Lockheed Counsellor.

F. B. G. (and ask your Lockheed Counsellor how Lockheed can help you get an advanced degree in engineering.)
