Field Day Report (Continued from page 1)
awarded to the third class.
2. The close fight shall last fifteen minutes instead of twenty minutes as originally held.
3. A better method for starting and finishing the fight should be devised.
The committee also suggests that the tug of war should not be held at the same time as any other event, and that Field Day should continue to be held during Junior Prom weekend.

Purple Shirt Involved
According to another suggestion, a tug of war would be held two weeks before Field Day, with no limit on the number of participants from each class. The winning class would receive the Purple Shirt to its trials at least twice. The tug of war should consist of believing it to be worth two points if kept until Field Day. Within the trial period, this class would have to present the Purple Shirt to its trials at least twice. Presentation of the shirt would consist of believing it to be with a minimum of the other classes at a previously specified time.
