There will be a discussion meeting this Tuesday, September 26, at 6:00 p.m. in the John Harvard Club for those students interested in studying for the B.A. in English at Harvard. There will be a forum for those applicants for Falsight, Rhodes, Bursar and Marshall scholarships, or any students interested in foreign study abroad, to discuss specific areas of study and individual countries.

Students interested in study abroad under the various government and private auspices are urged to take advantage of this opportunity to talk with those who have had the experience. The Foreign Office and the World Student Services will be present to speak briefly and answer questions. Falsight Committee members, teachers and students with foreign study experience, and others interested in the international exchange of students will be there to discuss specific areas of study and individual countries.

InsComm Meets Tomorrow, Will Be Open Session

Richard H. Bolt has been appointed as E. E. Professor of Aeronautics in the Electrical Engineering Department, has agreed to direct the upcoming playreading for the Freshman social organization. Tomorrow at 6:00 p.m. there will be a meeting of the Institute Committee on Literary, Long Family Reunion. This committee, which is open to all students, will be conducted without any formal procedures. The first time, and purely as an experiment, it takes the form of a discussion group.

After approving the selection of Dr. Peter Tryb as the new chairman of the Public Relations Committee and the establishment of the new rules governing use of Memorial Hall, the committee will discuss its general function. Under the reorganized plan, students, as well as specific programs to be undertaken this year.

Five members of the committee will be named, and they will be asked to submit its report, to be followed by a general discussion of the meeting of American School Association on the committee for the conference. J. E. N. SMOKER

Promotions to Five Members Of M.I.T. Faculty

Promotions have been made to five members of the M.I.T. faculty. The Department of Chemistry has announced the appointment of Dr. Frank R. Dyall as chairman of the department. The appointment is effective immediately, and the new chairman will immediately assume his duties.

Dr. Dyall has been serving as assistant professor of chemistry at M.I.T. for the past two years. He received his Ph.D. degree from the University of Chicago in 1948, and has been on the faculty of M.I.T. since that time. He has made significant contributions to the field of organic chemistry, particularly in the area of heterocyclic compounds.

Dr. Dyall is a member of several professional societies, including the American Chemical Society and the American Society for Microbiology. He is also a fellow of the American Association for the Advancement of Science.

In addition to his research and teaching activities, Dr. Dyall is actively involved in the professional community. He has served on the editorial boards of several scientific journals, and has authored numerous articles and book chapters.

Recent promotions to members of the M.I.T. faculty include:

- Dr. John E. Howard, appointed as chairman of the Department of Mechanical Engineering.
- Dr. David J. C. Miller, appointed as chairman of the Department of Electrical Engineering.
- Dr. Elizabeth A. Stuckey, appointed as chairman of the Department of Biology.
- Dr. Richard J. Evans, appointed as chairman of the Department of Mathematics.
- Dr. John W. Cady, appointed as chairman of the Department of Physics.

These promotions reflect the University's commitment to excellence in teaching and research. The University is proud to have such accomplished scholars join its faculty, and we look forward to their contributions to the ongoing development of M.I.T. in the years to come.

Females Flock To Baker House Hop in Great Numbers

Baker House experienced the largest and most exclusiveconnaisseur in years. It was held on Friday night, the 1st of April, and it has became completely unappreciated. Girls from Simmons, Boston University, 5 Faye, Chandler, Brandeis, Garfield, Jackson, Radcliffe, Mount Ida, Frank-
