This summer, the institute was represented at the fourth annual Student Body Presidents' Conference by Eldon H. Reiley, '55, president of the Undergraduate Association. This conference, held at Ames, Iowa, brought together student leaders from over one hundred colleges for a four-day workshop on campus government problems. It was sponsored by the National Student Association, a national organization representing more than three hundred colleges.

This year the Hillside Society of the Greater Boston Area is cooperating in holding three different types of services for the Jewish High Holy Days. A traditional (Orthodox) service will be held at Phillips Brooks House in Harvard Yard; a conservative service at the Boston University Final Year Bible House, 53 Bay State Road, Boston; and a liberal (Reformed) service in the First Parish Church in Harvard Yard.

The schedule for the Rosh Hashanah (New Year) services is as follows:

Varied Religious Activities Present in Boston Region

The Overseas Correspondence Fiberglass Corporation Fellowship in Anthropology has been awarded to Mr. Richard H. Lyon for graduate studies at the Institute. Under this fellowship Mr. Lyon will continue observational research directed to his thesis for the degree of doctor of philosophy in physics, for which he has already completed the qualifying examinations. His undergraduate years were spent at Evansville College, where he received the degree of bachelor of arts in 1952. In 1952 Mr. Lyon entered M.I.T. as a graduate student in the Department of Physics and received a Research Assistantship under which he has worked in the Acoustics Laboratory. His research work has included a detailed investigation of the response of a piezoelectric plate to a broad-band driving force. Mr. Lyon has established a new mathematical solution for the vibration amplitudes of such a driven plate and has studied the various experimentally by means of ingenious techniques involving the observation of optical interference fringes.
