WSMIT Features Career Program Weekday Nights

"Career Hour," a program of special interest to seniors, will be in-augurated by WSMIT in freshman fall. This program will consist of speakers from prominent industrial concerns about the country, describing their job opportunities. This new feature will be a half-hour program aired every weekday night from 9:00 to 9:30 p.m. It replace a program consisting of classical music. Another program being considered by WSMIT is a " Recorded Hop." This is a dance where records are played instead of having a band. No definite date has been set for this yet as it is still in the planning stage. The station also plans to play for several activities on campus.

Hillel Brunch Is Great Success As Many Girls Attend

Last Sunday the final Hebrew Society held its first annual Brunch of the year, an extremely successful communal brunch and dance in Tabbard Lounge, East Campus. The dance began at 10:30 a.m., and by noon the attendance reached a total of about 200. There were more girls than men, and even more girls than women. Other groups represented included Simmons, Boston University, Brandeis, Beth Israel Hospital, and Massachusetts General.

As soon as the program was taped, the dancing commenced, lasting long into the night, and creating such noise that it could be heard outside. By the end of the dance, the game lasted until about 2:30 a.m.

FEMALES FLOCK TO BAKER HOUSE HOP IN GREAT NUMBERS

Baker House experienced the largest and most societal acquaintance this year. The expansion of the facilities has brought more than a few hands to the party.

The party was attended by girls from Simmons, Boston University, Pine Manor, Brandeis, Bentley, Jackson, Balfour, Mount Ida, Franklin Square House, Beth Israel, Fisher, and several other colleges.

The Bakers House Social Committee, under the direction of I. E. Stout, has planned on having 300 girls for the dance. But others attending the dance say it was more than that, with over 600 people in Baker House.

The girls were attending the boys 2 to 1. The only problem was the dance floor limited to the stage, which was crowded with people. Some of them had to stand in the center, while others danced at the edges. The noise level was quite high, with music playing and people dancing.

The Baker House Social Committee organized the dance and planned it for a long time. They worked hard to make it a success, and it turned out to be a great party.
