ATTENTION
ENGINEERING GRADUATES AND SENIOR ENGINEERING STUDENTS

Majoring in electrical, mechanical and aeronautical engineering and in physics and math.

Start your career with Sperry, leading engineering company enjoying an enviable record of stable, consistent growth through the development of new and better products since 1910.

Following are some of the engineering fields Sperry is engaged in:

- Electronics - Microwave - Radar - Fire control equipment.
- Communications equipment.
- Computers - Aircraft - Automotive engineering.
- Guided missiles - Electronic tube development including kilowatt transistors - H.P. motors and transformers - Communication equipment.
- Loree - Fire control equipment - Controls for Guided Missiles - Technical writers - Engineering development - Digital computers - solid state devices, etc.

- Graduate schools available in vicinity of laboratory for further studies through company-paid tuition refund program.

- Modern lab facilities and equipment available to you for the further development of your technical education.
- Association with top men in the field.
- Top rates.
- Full employee benefits.
- Modern plant in suburban area, 45 minutes from the heart of New York City.
- Convenient transportation.
- Recreation facilities and personal friendliness.
- Adequate attractive housing available.
- A satisfied, well paid career awaits you at Sperry.

SUMMER POSITIONS OPEN FOR STUDENTS IN JUNIOR AND SENIOR YEARS

WITH GOOD ACADEMIC RECORDS

Our engineering department heads will be available Oct. 27 to give you full details and to help you select a career with Sperry. In the meantime, will you please let us know if you are interested? You may write to:
