The Tech through the mail

To the Editor of The Tech:

Last Friday's issue carried an editorial criticizing the proposed idea of an egg nog party. This party would be sponsored by Institute committees and would be held in the Union Award Funds. The editorial had several facts wrong, and the party should be cleared up before they are repeated.

(1) The main heading behind your editorial was altered as though this was the opinion expressed by Institute Committee from the Student Government. This statement did not "propose" it; it was my idea, and I only submitted it to the body for further discussion and approval.

(2) The idea proposed by your writer of sponsoring a book committee has already been undertaken by a group of freshmen. This group has been most successful in raising funds and has made contributions from other sources. On the contrary, I have been in constant contact with Institute Committee of what we should not use the monies donated in the Campus Fund to serve as a memorial to the man.

(3) There is more behind the idea than the first impression that it would only be a "party." It would serve to strengthen the Christmas spirit at Tech, but also play a major part in helping to raise funds on this year of joyous occasion. In using this fund for the purposes of the Union, it would serve to strengthen the meaning of the occasion. Furthermore, I and others who know that he would himself approve of the idea as a means of bringing the student body and faculty together on this one joyous occasion. In using this fund the way it would serve to bring back the pride and good faith that have already been lost.

After talking with the administration, they believe that this idea could be enhanced and become a whole spirit of the Christmas program at Tech, and would serve to emphasize the meaning of the occasion. Furthermore, I and others who know that he would himself approve of the idea as a means of bringing the student body and faculty together on this one joyous occasion. In using this fund for the purposes of the Union, it would serve to bring back the pride and good faith that have already been lost.

(4) The idea proposed by the student government to sponsor a book committee has already been undertaken by a group of freshmen. This group has been most successful in raising funds and has made contributions from other sources. On the contrary, I have been in constant contact with Institute Committee of what we should not use the monies donated in the Campus Fund to serve as a memorial to the man.
