Musclemen Hold Practice Match; Invite Candidates

Weightlifting, an intermediate sport pioneered by M.I.T., is well under way this year. At Agusta there has been an opportunity to see men put in uniform and start out on a top-flight aggregation. Last year's engineer's muscle squad tied for the eastern intermediate championship, and this year, with many returning veterans and several promising newcomers, should be better than ever.

The team held a practice match recently with Eastern Nazarene College of Wollaston. This match provided new members of the team with the chance to gain valuable experience in a sport foreign to most. Competition is held in the three Olympic Lifts: press, snatch and clean and jerk. The backbone of this sport is foreign to most.

October 31, 1954 plans for ticket sales.

The Engineer hockey team began practice last Monday for the coming season which starts off with a game on December 2 with Northeastern followed by a contest with Dartmouth during the same week.

Thirty-five players participating in the conditioning session, ten of those players were freshmen. At least six more freshmen are needed before the MIAA will schedule games for the 1955 squad. Freshmen interested in enjoying lightweight, Captain George Ploussios, '55, Art Butz, '55 and Tom Butz, '55.

I sincerely hope that the new Journalist will be a wholesome influence for the good of everyone concerned in Marking of v: petition of R. Peter Flannery's candidacy.

Low... and behold!

The motoramic Chevrolet for '55

Chevrolet and General Motors took a whole new look at the low-cost car—and just look what happened! NOW BEING SHOWN!

The valve-in-head V8 as only the valve-in-head leader can build it!

Now Chevrolet introduces the "Turbo-Fire V8"! High horsepower (162), high-compression (9 to 1), high performance and surprisingly high gas mileage! Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

You can choose from two new sizes, too!

The last word in six-cylinder performance! New "Blue-Flame 136" teamed with Powerglide or the new "Blue-Flame 151" with standard transmission or Overdrive.

More than a new car—a new concept of low-cost motoring!
