NSA Conference Criticizes Limiting Army-Navy Debate

At its conference this Saturday, the New England Region of the National Student Association passed a resolution criticizing the restrictions imposed upon Naval Academies. These two schools have been forbidden to enter contests involving this year's question "Resolved: That the United States extend diplomatic recognition to the government of China." This resolution will be submitted for action to the NSA National Conference in Chicago late in December.

Danna E. Francis's address on the values and limitations on student participation in the educational process was widely praised. He pointed out that one main function of education is to help students, faculty and administration to join together to preserve freedom of thought.

The New England group voted to sit in the rebellious war-time Knox University libraries by reading books to Korea. The group is attempting to work out an arrangement with which mail costs could be minimized. The group is also giving its support to the World University Service, which has as its goal the closer association of students in all nations regardless of race and creed.

The group in Regional Chairman John J. Soller '55, the main purpose of the conference, that is, to organize the various collegiate NSA delegations with respect to each other and to the New England Regional headquarters, was successfully accomplished.

H. M. Rich Wins $4000 General Foods Fellowship

The first presentation of a $4000 General Foods Food Fellowship was made at the recent Food and Nutrition Conference at the Faculty Club last Thursday, December 8.

W. M. Robinson, president of the General Foods Corporation, delivered a brief address before the New England Section of the Institute of Food Technologists.

This fellowship is the first of a national series to be awarded in field of food and nutrition research. The Institute of Food Technologists, the first to win a national fellowship, was established to promote research in the field of food and nutrition.

Concert Band Outstands In Performance at Lasell

At 5:15 p.m. on Thursday, December 8, the Lasell Concert Band presented a program of the latest music. The concert was well received by the audience.

In December, the Lasell Junior College will hold a special meeting of its Student Council. The purpose of the meeting will be to discuss the current problems of the college as well as the future plans for the college.

Lit Supplement Out Next Term

Beginning next term, something new will be added to the student publication. It will be announced soon.

First Year Classes Suspended

All First Year classes are suspended from 9:00 a.m. to 1:00 p.m. on Thursday, December 8, for a half day of practical work.

AIEE-IRE Talk On Computers Is Held Tomorrow

On Wednesday, December 8, at 5:00 p.m., the AIEE-IRE Joint Branch will present a lecture in 1216 on digital computers. Dr. Jay W. Forrester, director of the digital computer lab, has selected three members of his staff to talk on the computer and the importance of its applications at the computer science conference. The lecture will be held in the undergraduate library.

One week later, a tour will be conducted of the College of Liberal Arts, the Barto Building (321 Massachusetts Ave.), and the operations of the "Wind" IN 1.

Freshman Council to Air Problems of New Students

Freshman Council considered the problems facing entering students and proposed several measures. Among them was a special meeting held Sunday afternoon and evening in the Great House. Freshmen and their parents were given the opportunity to discuss these problems and to express their opinions.

Freshman Council recommended that the problems facing entering students be discussed at future meetings. It was agreed that there should be a special meeting for freshmen and their parents to discuss these problems.

The council recommended that there should be a special meeting for freshmen and their parents to discuss these problems. It was agreed that there should be a special meeting for freshmen and their parents to discuss these problems.

Glee Club Gives Combined Recital With Colby JC

This past weekend, the Glee Club of Lasell College presented its first formal recital of the season, a combined program with the Colby College Chamber Singers. The recital was held in the Lasell great hall.

The concert opened with three numbers by the chamber singers, including the direction of Margaret Cavley, the Colby conductor. This first group included "Break Forth O Beantous Heavenly Light," by Bach, "Concerto of the Shepherds," on an old folk melody; and "Good News from Heaven" by Judy.

Feliz Navidad

Next the Colby group presented a mixed number of carols from the Advent season, arranged by Vaughan Williams. M.I.T. followed with a selection of Christmas songs from seven centuries under the direction of John Leipmann.

The final numbers, rendered by the combined group led by Leipmann, were "Pastorale for Christmas Day" by Moriz Stern, and "Christmas Day," a fantasy on Christmas tunes by Ravel. A dance was held for the glee club after the concert.

Professor Wiener To Appear Before Skeptics Seminar

Dr. Jay W. Forrester, director of the digital computer lab, has selected three members of his staff to talk on the computer and the importance of its applications at the computer science conference. The lecture will be held in the undergraduate library.

One week later, a tour will be conducted of the College of Liberal Arts, the Barto Building (321 Massachusetts Ave.), and the operations of the "Wind" IN 1.
