Saturday, December 18
TUESDAY, DECEMBER 14, 1954

Science Made Simple: No. 1
In this day and age, as I like to call it, everybody should know something about science. Unfortunately, however, the great majority of us are being taught in elementary and high school by people who were educated 30 years ago. Though this column is intended to be a source of innocent merriment for all college students, I am sure that if you will take the trouble to read this column, you will find it very enlightening.

Dear Sir;
I am writing to you to ask about the recent publication of a book called "The Meaning of Christmas." I have heard that it is a very important book for the study of the subject, and I should like to ask you for a copy.

Sincerely yours,

Dear Sir;
I have read the book "The Meaning of Christmas," and I must say that it is a very good book. I would like to ask you for a copy of the book, if possible.

Sincerely yours,

Dear Sir;
I have heard about the book "The Meaning of Christmas," and I should like to ask you for a copy.
