**Activities To Be Relocated: Changes Planned In Walker**

The increasing shortage of space at the Institute was the subject of a meeting held on Monday afternoon, attended by a number of student and of Administration.

During the course of this meeting, center around plans to provide temporary of unused space in Walker Memorial. It is pointed out that these would be more interior, to last a few years until the Student Union Building is completed. No definite plans were established, although many suggestions were forthcoming, several of which are outlined below.

1. I.F.C. Elections

Name Luhmann
New President

The Inter-Fraternity Conference yesterday elected officers at its first meeting, held on Wednesday, February 8. The new slate of officers includes: President, George Luhmann, Jr., '56, Sigma Alpha Mu; Vice-President and Secretary, Barry Hopper, Jr., '56, Alpha Omega Omega; Treasurer, Cy Morse, Jr., Sigma Alpha Mu; Jay Salmesser, '56, Phi Delta Theta, and T.R. Tyler, Delta Upsilon, elected to the I.F.C. executive committee. Fred Cullen, '58, of Phi Gamma Delta was elected to the Investigations Committee, and will be the I.F.C. representative on Student Body Council. The business of the I.F.C. will be conducted in the Schell Room of Building 9.

The biggest change discussed was that of moving the offices of the fraternity and the Academic Association to Walker Memorial. The most likely spot, it was pointed out, would probably be in the lounge between T.C.A. and Faculty Room 020. Walker Memorial.

2. 50th Annual Tech Show Tickets on Sale Monday

Tickets go on sale Monday, February 21, for the annual performance of Tech Show. This year's production is called "Tall Tales." This group will be replaced by a six-week show named "Tall Tales." The show is under the direction of Dr. Preston Munter, who directed last year's Tech Show. The show will be performed in the Schell Room of Building 9.

3. Seniors Revamp Permanent Jobs Out Marshals

The present senior class officers and the alumni office have announced the complete removal of permanent class officers. The offices of permanent president and permanent secretary will remain as before but the permanent secretaries will be abolished and the functions of treasurer.

4. Executive Committee Presents Statement On Senior Rings

The following statement has been made by the Executive Committee of Institute Committee.

An editorial in The Tech on February 11th discussed the exclusion of "official business practices of a querulous ethical nature in the senior class."

The Executive Committee believes that they will be able to handle it in name only.

The negative is that it is affecting the senior class in a certain respect. The affirmative will be presented to winners of the tenth annual MIT Debate Tournament.

The question of equating price of these rings to quality is a matter of judgment.

The following statement has been made by the Executive Committee of Institute Committee.
