Inconnex Student Union Report; Discusses Discrimination Conference

Student Union Committee Report Estimate On Projected Construction, Maintenance

The progress report of the Student Union Committee covers the major topic of discussion at the first Inconnex meeting following vacation. The committee estimated that the cost of a $4,200,000 building would be $4,000,000. It is general practice to include one dollar of endowment for every dollar of building cost. This would, theoretically, raise the total needed for the building to about five million eight hundred thousand dollars. However, this estimate is without any endowment. The committee noted that students and faculty fees, the committee felt that the Student-Union Center can be financed by approximately $4,200,000.
