Because only Viceroys gives you a pure, non-mineral, non-toxic filter with 20,000 filter traps in every filter tip!

1. Yes, only Viceroys has this filter composed of 200,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarettes.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroys filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarette. Viceroys pioneered. Started research more than 20 years ago to create the pure and perfect filter.
4. Smokers en masse report that filtered Viceroys have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroys draws so easily that you couldn't (now, without looking, that it even had a filter tip .... and Viceroys cost only a penny or two more than the ciga-
to, so the cigarette."

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICKEROYS is the largest-selling filter cigarette in the world.
