SAE's 26-0 win over East Campus House-Chi Phi '56, top ATO end, suffered a broken ankle in the second half but the game continued. The SAE-Sig Ep game should highlight the league's activities, both teams playing well were the ones on which I was most impressed.

The decision doesn't stand as yet, however, as the game has been postponed and must be played before the Athletic Association. Both teams fought a tight, hard-nosed battle with injuries furthering the contest. John Steffen '56, top ATO end, suffered a broken wrist and will be out for the remainder of the season.

Next week the Delta will meet the Betas in a game that should prove to be one of the best of the season. In the first meeting of the Phi Mu Delta Delta, Sig Ep defeated Lambda Chi 42-6. This game was won by Delta Phi, but the Montrealers of the Sig Ep team were particularly impressive since they played mostly freshmen and sophomores and as usual had a highly disciplined team defense. Mike Brenner '57 was the standout player of the game.

The SAE-Sig Ep game should highlight the league and probably of the day, pits SAE's 26-0 win over East Campus House-Chi Phi '56, top ATO end, suffered a broken ankle in the second half but the game continued. The SAE-Sig Ep game should highlight the league's activities, both teams playing well were the ones on which I was most impressed.
