Under Consideration for Plan Meals; Party Monday

Baker House Committee met at 8:30 Monday evening to talk about the plans for a New Year's Eve dance at Baker. So far, no one has volunteered a location or a date.

The Committee has authorized $100 to be spent on decorations. The dance will be held in the Social Hall from 9 to 2 a.m. Monday night, and all are invited. The committee chairman reported that the Baker House Committee is considering holding a dance at the Athenaum but that the cost is too high.

Incomm Ban Voted, To Officially End Fundraising

As members of the Undergraduate Admissions Office, we, the executive committee of the Institute, hereby announce that the Incomm Ban has been officially ended. The ban applies to all students throughout the Mass Institute of Technology.

The action was taken after a careful review of the evidence presented by the committee. It was determined that the actions taken by Incomm were not in violation of University policy or regulations. The committee is committed to ensuring that all students have the opportunity to participate in extracurricular activities.

The action will be effective immediately, and all previous actions taken by Incomm will be rescinded. The committee encourages all students to participate in the many activities available on campus.

Dr. Boyd, General Motors' Recruiter, Will Speak

Dr. T. M. Boyd, General Motors' Recruiter, will speak on the topic of "The Future of the Engineer." His talk will cover the current trends and future outlook for engineers in the industry.

Dr. Boyd has extensive experience in the engineering field and is a respected authority on the subject. He will discuss the role of engineers in the future and the importance of continuing education.

The talk is scheduled for 4 p.m. on Thursday, October 20, in the auditorium of the Engineering Building. Refreshments will be served following the presentation.

This event is open to all students and faculty members. The audience is encouraged to attend and participate in the discussion. Please feel free to ask questions and share your thoughts on the topic.

Dorm Debates, Meals, Censors Floor Chairman

The Institute's Dormitory Council met last Monday night to consider the issue of meal plans and the possibility of a censored floor chairman. The council passed a resolution expressing support for a common choice system for meals and discussion. The "common choice system" was defined in the meeting as one whereby, at least two complete choices of meals shall be prepared for commons dinner.

The council also discussed the possibility of a censored floor chairman. The situation was described as "heavily deteriorating," with the problem of general disposal of floor lounges being severe. The meeting concluded with the proposal that the council consider the issue further.
