Nothing without wings

climbs like a '56 Chevrolet!

Ever level off a mountain with your foot? Nothing to it. Just point this new ‘56 Chevy uphill and ease down on the throttle. Up goes go with a quiet (hydraulic-bushed valve lifters now in all engines—V8 or 6-cylinder, too), touch of power.

This is the car, you know, that broke the Pike’s Peak record. The car that conquered towering grades and vicious switchback turns to prove its superior performance, handling and easy acceleration.

These are built-in qualities that mean more driving pleasure and safety. Chevrolet also offers such safety features as seat belts, with or without shoulder harness, the four-wall paneling as extra-cost options. There are 19 new Chevrolets—see them by Fisher. Drive in and drive one.
