Activities Council
Cadet Status Change;

At the March 1 meeting of the Activities Council the Army and Air Force ROTC Cadet Staffs were accepted as provisional Class B activities.

At the previous meeting of the Council, Alpha Phi Omega had requested Class A status. The investigating committee appointed at that time returned a favorable report. The results of the Council's vote will be available after absent members have been polled.

The Council unanimously voted to split the office of Secretary-Treasurer into two offices. The Secretary will take care of the minutes and correspondence, while the Treasurer will keep the books, maintain liaison with the Finance Committee, and be the Council's representative to the newly formed Finance Board.

The changeover meeting of the Council will be held Thursday. At this time M. Philip Bryden, President of the present Council will present his report of the activities of the Council. The old Council will then be dissolved, and the new one will convene for its election of officers.

At the present time the Class B activities are voting for their 5 representatives to the Council. The candidates are: from the Professional Societies and Honorary Groups: Robert Batchelder and Benjamin J. Woznick; from the Religious Activities: Edward O'Brien and Lawrence Vaughan; from the Hobby, Musical, and Dramatic Groups: Alan Budreau and Ira D. Holtzman; from the non-professional Honor Societies: Alan Fitzpatrick, S. Richard McLaughlin, and A. Upton Rehnberg; from the Social Activities: Stanley C. Fenster and David J. McGrath, Jr.

The Westinghouse Man With The Facts will be here on 3/13 and 3/14

Ask your placement officer for an appointment NOW!

You'll soon have to make that crucial decision . . . where to start your career. But, before you decide, you owe it to yourself to talk with the Westinghouse Man With The Facts. He'll be here on campus on the above dates to interview engineering graduates. Be sure to get on his schedule. He wants to talk with Electrical, Mechanical, Chemical or Industrial Engineers, Physicists, Mathematicians and Metallurgists. Ask him about career opportunities at Westinghouse . . . the million-dollar Education Center with its complete training program . . . how you can select a career in an industry of your choice, doing the kind of work you prefer . . . Master's and Ph.D. degrees at company cost . . . chances for advancement . . . how other men made fast progress. He can tell you . . . he has the facts.

You'll want to know, too, about the big Westinghouse expansion program, and how it offers you exciting opportunities for growth. And, about interesting and rewarding work in such promising new fields as nuclear energy, automation, decision devices, semiconductors, military and industrial electronics. There's plenty of room to move around . . . and up . . . at Westinghouse.

A frank talk with him will help you make your final decision. So, contact your Placement Officer now and have him make a date for you with the Westinghouse Man With The Facts.
