Kecem Discusses Club Motion, New Subcommittees

The newly elected executive committee of the Student Senate was discussing recent meeting regular Sunday night at the House Lounge. The House dinner was held by the Quadrangle Club and its officers, led by Mr. R. B. E. Proctor, head of the Junior Class. The club's meeting and offering of a meal was attended by guests, along with executors's recommendations for the appointment of committees of the Junior and Senior classes.

The last of the Quadrangle Club room in which will take place Institute Committee tomorrow, can be found on page three.

The latter item of business was the plan for the next major business of the institute to be given to the Student Senate for their consideration. The Student Senate will meet in the auditorium on the following day to discuss the plans for the upcoming meeting.

Weber B. Proctor, head of the Junior Class, presented his motion that the Student Senate be given the responsibility of planning the next major meeting. The motion was seconded by Mr. R. B. E. Proctor, head of the Senior Class, and was approved by the Student Senate.

The Student Senate will now work to plan the next major meeting, which will be held on the following day. The meeting will be held in the auditorium and will be open to all students.

Weekend Job Show To Be Held; Sarnoff Message Will Be Heard

Students will be able to shop around super-markets for nearly 10,000 jobless jobs at the 19th Career and Job Show March 10 and 11 in the Tappan Zee Auditorium, 140 Street and Park Avenue, New York City.

Along with experienced engineers, scientists, and skilled technicians, they will be needed for the 77,000, 000 yearly salary package being offered at the show.

The show is sponsored by the National Science Training Committee. Dr. Edgar G. S. hotten, Jr., will bring a message from the National Science Foundation, chairman of the committee.

The council—a non-profit service organization dedicated to the advancement of science and engineering—will be sponsoring the 1956 Career and Job Show as part of its program dedicated to developing the critical engineer and scientist shortage problem of the nation.

Besides the many job opportunities, career guidance and training information will be offered. Representatives of the companies, schools, and technical schools and New York State Education Department will offer their services.

Additionally, over $1,000,000 of current equipment will be displayed.

Other firms who will be hiring at the show include: Industrial Business Machines Corporation, Hughes Aircraft Company, Northern Aircraft, Inc., Werninghouse Electric Corporation, Remington-Rand, Burroughs Corporation, Kroes Auditorium, Remington-Rand, Burroughs, American Aviation, Crucible Steel Company of America, Radio Corporation of America, George Nagle, and the Minority, Inc.

The Student Senate will now work to plan the next major meeting, which will be held on the following day. The meeting will be held in the auditorium and will be open to all students.

Kroes Wins First In ASME Contest

The American Society of Mechanical Engineers has announced the winners of the annual Paper Contest held during the week of March 12. Robert J. Koenig, a junior, was awarded the "C. Richard Eberhard Award" of $50 with his paper "The Omega Engine."

He will represent MIT at the American Society of Mechanical Engineers Conference on Scholastic Enthusiasm and Industry.

Presentations of Mr. Ley's lecture will be heard on April 10 at 7 p.m. at the Town Hall. The lecture is sponsored by the Student Senate and will be held at 7 p.m. at the Town Hall.

In the final contest of the all-year game tournament, the MIT Intramural Basketball All-Stars romped over the Boston University All-Stars 96-72 Thursday night in Boston. Coach Tom Hoffman's squad is now 18-0.

Dave Larson, who led the DU Five during the regular season, hit six of seven field goals, scored 20 points for the All-Stars, and was named the game's most valuable player.

The second half was a walkover as the All-Stars took the 1956 Junior Varsity squad by the score of 96-72.

The All-Stars won the game with two games against the MIT junior Varsity squad. In both games the All-Stars were the winners.
