Three Housecommit In Meetings; Topics Vary From Wash To Dance

The problem of laundry for East Campus residents dominated the first part of the House Committee meeting held in the Obolensky group. Student-owned and -operated laundry machines were installed in that group early in the year, but the machinery has not been proved to be as efficient as had been expected. A vote indicated that an installation of such action might be well worthwhile. The setup would be much faster than the present in Burton House, and would also keep to mainline on the machines.

East Campus will be glad to hear that Tulane Lounge and Coffee Bar will be open during the summer; a separate room will be set up for the convenience of the students. Also in the line is the idea of a large open air lounge for summer program, a suggestion that would be given by professionals to keep up to date with the present. The opposite case would, of course, not be left out and this technological advance, so necessary in a world of fast changing fashion, would be supplied by nearer girls' schools.

The Burton House Committee limited the business at their meeting to discussion of the problems of, first, the new shop, and second, the store of the Shop, is now under construction and not yet open. It was decided that the store should be neglected at Burton are the finer art, for it was announced to the delight of all present, that a new store will soon be moved in for the music-loving group.

Baker House has combined its Long Range Planning Committee and with this new setup the city of 1955 will be completely responsible for all the action. Other action at the meeting of this group was that an exhibition of the city was brought out that Douglas is considering moving to give each house the right to restrict its activities to their own group of students. Body, however, wanted the right to extend these regulations, also.

In the admission of new members, the recent snowball drive, will be paid for out of house funds from the worst side, a civic defense forces is being held. Also, a psychology quiz has to be attempted by all members before a member of that city can enter into a binding vote which would apply to his successor.

Insomnc Tables Hazing Motion; Elects 7 Sub-committee Chairmen

Elections of sub-committee chairmen, Linkman Council and Finance Board members were held at the Institute Committee meeting. The Linkman Council and Finance Board members were set up to preside over their respective groups.

Secretariat Chairman, Dick Hughes; Finance Committee Chairman, Jay Hamburger; International Program Committee Chairman, John Hoffmuff; Frederick Coordination Committee Chairmen, Stes Kofler; President; Board of Directors Chair, Tom Angstadt; Linkman Council, Branches, /drew Kastlau, Ted Schaffer, Helmut Yahan; Finance Board, members, William Hagem, Arnold Anastase, Bob Borders, Dick Brandsen; National Student Association, Ben Chetner.

The Freshman Coordinating Committee concerns itself with such things as Freshman Weekend, freshmen advisors, and election of sub-committee chairmen.

The secretariat takes care of the secretarial work of Insomnc along with the new IFC Holds First Meeting; Discuss Loans; Hear Reports

Coming to order for the first time in the year, the IFC will meet on a regular schedule now that the new chairman Mike Bromer '55, the IFC held its initial meeting to the Smith House last night. After dinner the group heard a talk on the more serious matters listed on the agenda. In the student part of the IFC, it was decided that the IFC should have a committee, which was later established.

The IFC formerly duties were the same as those given to the IFC; former members were made a part of the IFC. The committee of the IFC and is to be the power group that financial aid is to come only in the form of a loan, to be paid by the borrowing group,ample, and not any form of a gift. After the previous discussion, this motion was taken as the committee of the IFC was not possible to pass.

The problems of the establishment for new groups on the campus are

A Glamour Confer on October 19th in the Student Conven

The purpose of the Institute program was to minimize the danger involved (in hazing), but to maintain the dangers of a new system of controlled hazing. It is intended to extend this through all of the sub-committee of Insomnc, and with representatives of the area, and the IFC, to extend this for a period of years after the death of the student body, the committee will have to decide the future fate of this motion which the "Q" club presented to Insomnc Executive Board last night.
