Letter to Graduating Scientists and Engineers

Allen B. DuMont Laboratories, Inc.
35 Market St.
East Peterboro, N. Y.
or
11900 West Olympic Blvd.
Los Angeles 64, California

We are interested in acquiring additional trained engineers and scientists for the Research Laboratories. The men we want are of high intellectual caliber, creative, and eager their fields. To most men we can offer direct projects in the following areas of investigation:

- Micro Wave Communication Links
- Micro Wave Instrumentation
- Transistorized Radio and Television Receivers
- Electro Luminescent Devices
- Data and Display Devices
- New TV Camera Systems
- Improved Color TV and Film Camera Systems
- High Frequency Radar Systems

We offer those who can qualify for one of our openings an assurance that they will become an important member of a team of scientists investigating the above listed areas that most interest them. Our location provides an easy access to many higher educational institutions and to industry. Naturally we are offering salaries and benefits.

SPECIAL DELIVERY! LUCKY DOODLES!

Point proving, he made it to the 1955 Olympics. John was the first in the shot put with a heave of 49'. Fred Mueffeld '57 outdistanced the competition with a 162' 1" javelin throw.

The outdoor track season is rapidly drawing to a close with a dual meet with Northeastern on the 18th, the NEICAAA's on May 18 and 19, and the ICAC's on May 26. The Northeastern meet next week should be a very close one and either team could win.

LUCY RING THE BELL with college students all over the country! The reason: Luckies taste bet-

ter. That's because they're made of fine tobacco — mild, naturally good-tasting tobacco that's TOASTED to taste better. Now check that Droodle above: Lucky-smoking midget in tele-

phone booth. He may be short on stature, but he's mighty long on smoking enjoyment. Next time, ask for Luckies yourself. You'll say it's the best-tasting cigarette you ever smoked!

LUCKIES TASTE BETTER - Cleaner, Fresher, Smoother!
