Beginning this week and continuing throughout the Fall semester, this paper will publish three puzzles a week, containing the letters which make up the names of American colleges and universities. The letters are scrambled and must be re-arranged to form the names of the schools. Class with each puzzle will help you identify the correct answer.

It’s fun... it’s easy... start now!

Ryer Housing Report
Provokes Discussion
At Inscomm Meeting

Discussing the newly-released Ryer Committee report at Wednesday’s meeting with B. Francis Bowditch, Special Advisor to the President, Inscomm Committee, the recommendation was made of having undergraduate facilities composed primarily of single rooms rather than doubles or suites.

The point under consideration was that of the specific conditions presented at the beginning of the report, which states that the most desirable plan for new undergraduate houses, and for remodeling existing undergraduate houses would include "... at most 40 men to a floor, principally in single rooms.

Two opinions seemed dominant. The first, held by most of the representatives living in dormitories, was that his mode of residence be decided by the individual and the ratio of single rooms to those of multiple occupancy according to recorded past preferences. The other opinion, was, as stated by Tom Phoenix ’57, that the Institute in trying to bend to the Techman’s educational background, prohibits his taking only engineering courses, and therefore should make sure he does not restrict his social background because of lack of close contact with any other student.

Ed Roberts ’57 made a motion to have double rooms predominant in future dormitory plans, but it was tabled on lack of proper information on the subject.

After this discussion Mr. Bowditch asked a few questions on the report and is answering them mentioned that a report is coming on the re-location of fraternity houses.

The concluding discussion was on the proposed kitchen facilities on each floor for the preparation of snacks, as most of the committee felt that common refrigerators would prove unsatisfactory.

AA Sets Up ‘T’ Club
For MIT Lettermen

In a meeting yesterday, the Athletic Association made several changes in personnel status; moved toward the establishment of a letterman’s club, and changed representation on the AA Board. The posts of Treasurer, Equipment Manager, and Publicity Manager were given up, due to a re-organization of duties on the part of other members of this group.

A new method of electing the two vice-presidents of the Athletic Association was also voted in. Both the Intramural Vice President and the Varsity Vice President were formerly elected by the Association; now these offices are filled by elections of the latter group will hold a position in the executive committee of the AA.

For MIT students, this means that a freshman interested in playing sports may now run for these offices and be elected.
