Stop everything—start laughing!

**Sticklers!**

Here's a Stickler! If you've got a Lucky, what else do you need? (See Paragraph Below)

If you've got a Lucky, you've got it made.
That's 'cause you just can't beat a Lucky for taste. Luckies are made of fine tobacco—light, naturally good-tasting tobacco that's TOASTED to taste even better. In fact, you'll say Luckies are the best-tasting cigarette you ever smoked.

What more could you want? Oh, the answer to the Stickler! If you're in a light plight, what you need is a Match, Natch!

**Lucky Strike Cigarettes**

**IT'S TOASTED**
to taste better!

Don't just stand there... Stickler makes $25!

Stickles are simple riddles with two-word rhyming answers. Each word must have the same number of syllables. No drawings, please! They're so easy, you can think of dozens in seconds. We'll shell out $25 for every stickler we use—and hundreds more that never see print. So send stickles of your own, address, college, and class to Happy-Joe-Lucky, Box 87A, Mount Vernon, N. Y.

Luckies Taste Better
CLEANER, FRESHER, SMOOTHER!

**The Harvard Travel Agency**

If you have been to Europe or plan to travel in Europe, you should contact the Harvard Travel Agency. We have an office in the Harvard Coop and can provide you with information on travel, including discounts for students. We also offer special packages for study abroad programs.

**Kearfott**

Kearfott is interviewing on your campus
**Tuesday, December 11**

Kearfott's leading position in the design and production of aircraft control and navigation instrumentation makes the company a vital source of employment. Application is made to develop your talents and gain the experience which means success in your chosen profession.

Corporately sponsored, in-depth development programs in related fields are available to you. Kearfott provides training in formal education, supplementing the "learning by doing" program through which you will acquire your greatest satisfaction. Under the guidance of senior engineers and specialists, each man takes his project through from conception to final production, thus acquiring a broad experience background. Kearfott选拔 as individual initiative and resourcefulness.

Kearfott is a subsidiary of General Precision Equipment Corporation and is a leading manufacturer of equipment for the development of navigation instruments.

NOTE: If you cannot attend an interview on that day, please write for more information to Robert J. Spald, Technical Placement Supervisor, Engineering Personnel Office.
