EARTH SCIENCE COLLOQUIUM
The Departments of Geology and Geophysics and of Meteorology announce a lecture entitled "Some Recent Results of the Thermal Contraction Theory" by Dr. Francis B. Spaun, Hopkins Professor, Division of Geological Sciences, Harvard University, Monday, February 11, 1957, Room 4-231, 4:00 p.m.

LIBRARY
On Wednesday, February 13, a second-hand book sale will be held in Rooms 14-0413 from 8 a.m. to 9:30 p.m. Reference books and textbooks on many subjects will be available as well as novels, poetry, plays and biographies at $.10 per item. The sale will be open for all students.

RLE OPEN HOUSE
On Wednesday, February 13, in the Hayden Library, there will be held an open house this afternoon for all students. Institute personnel and staff will be on hand to answer questions on everything and anything about the institute. The only entrance to this area is from the corridor in the basement of the north wing.

ACQUAINTANCE DANCE
East Campus House Committee presents an acquaintance dance on Friday, February 15, in Murray Hall from 8-12. Music by the Jerry Davis Orchestra. Refreshments. Admission $1.00

DE MOLAY INSTALLATION
A public installation of officers of the MIT-MIT Chapter of the Order of De Molay will take place at 7:30 p.m., February 13, in the Hayden Library Lounge.

RADIO CORPORATION OF AMERICA

Specialized training program
Each offers a regular professional engineering salary as you work on carefully planned assignments and complete a comprehensive view of RCA engineering. Your training includes lectures, laboratory practice, technical studies and opportunities for permanent assignment in the area you prefer. You can get useful exposure under RCA’s advancement plan and you benefit from guidance of experienced engineers and interested management. Following training, you will enter development and design engineering in such fields as Radar, Airborne Electronics, Computers, Missile Electronics, Manufacturing Engineers, there are positions in quality, production control, test equipment design, manufacturing engineers, as well as research engineers.

Direct hire
If you are qualified by experience or advanced education, your interest may point to a direct assignment. The RCA management representative will be glad to help you. Many fields are open...from research, systems and development to manufacturing engineering...in electronics and missile electronics, as well as radar, electronics tubes, computers, and many other challenging fields.

.now... for a longer look at RCA
See your placement director about an appointment with an RCA engineering management representative who will be on campus.

Monday, Feb. 11 and Tuesday, Feb. 12, 1957
Talk to your placement officer today...ask for literature about your RCA engineering future! If you are interested, RCA representatives can send you literature.
