YOUR OPPORTUNITY

in research and development of missile systems at

California Institute of Technology

JET PROPULSION LABORATORY
Pasadena, California

Active participation in the quest for scientific truths.

Definite job security. Opportunity to expand your
knowledge. Full utilization of your capacities. Association with top men in your particular field.

Openings now in these fields:

APPLIED PHYSICS - MATHEMATICS - CHEMISTRY
AERONAUTICAL, MECHANICAL, ELECTRONIC, AND CHEMICAL ENGINEERING

ON CAMPUS INTERVIEWS

March 14, 15
Register at Placement Office

The Ramo-Wooldridge Corporation

Grants... candidates for Bachelor's and Advanced degree in mathematics, physics, and engineering with evidence of technical staff experience in numerical analysis, or final year of participation in the NASA Scientific Model 113A and other large-scale computers; additional opportunities in Numerical Analysis, Mathematical Physics, Thermodynamic Physics, other physical fields of interest to R-W and other universities.

Interviews to be held Thursday, March 14 and Friday, March 15, 1957 may be arranged through the Student Placement Center. The Ramo-Wooldridge Corporation

2720 AERON VITAE STREET • LOS ANGELES 45, CALIFORNIA

SCIENTISTS...ENGINEERS

Aerojet invites you to pinpoint your own targets, "lock on" your own future...in the dynamic new fields of infra-red and rocket propulsion.

- Mechanical Engineers
- Electronic Engineers
- Chemical Engineers
- Aeronautical Engineers
- Metallurgists
- Chemists
- Physicists
- Mathematicians

A Branch of

Aerojet-General

CORPORATION

A Subsidiary of The General Tire & Rubber Company

Plants at Akron and Paramount, California

An Aerojet-General representative will be on campus on March 13. Contact your Placement Office for details.
