Four Nations Send Nine Visiting Prof.

To Five Departments

Next year's visiting professors at the Institute include top scientists and educators from England, Sweden, Switzerland, and the United States. The following will hold full visiting professorships during 1957-58, while on leave from their present positions:

Dr. Armand Borel, mathematics department (spring term), is professor of mathematics at the University of Geneva, Switzerland. A world leader in the fields of topology and Lie groups, he was graduated from the Federal Institute of Technology in Zurich and awarded a doctorate by the University of Paris.

Dr. Leonard F. Carlisle, mathematics department, is professor of mathematics at the University of Wisconsin in Madison, from which he received his B.S., M.A., and Ph.D. degrees from Columbia University.

Dr. Arie J. Haagenveld, head of the chemistry department, is professor of inorganic chemistry at Caltech and has been awarded a doctorate by the University of Utrecht.

Dr. W. Phillips Day, economics and social science department, is research scientist with the Rand Corporation and professional associate at The American University. A Princeton graduate, he received his M.A. and Ph.D. at Columbia University.

Dr. Roy Lancaster, humanities department, is professor of English and dean of freshmen at Williams College. A visiting professor at Harvard, he joined the Williams College faculty in 1958.

Dr. Donald R. Langset-Higgins, mathematics department, is senior principal scientific officer at the National Institute of Oceanography in Woking, Surrey, England. After receiving his B.A. and Ph.D. at Yale, he was a Rockefeller Foundation fellow in Copenhagen in 1955-1956.

Dr. William H. Mirsky, economics and social science department, is a professor of economics and director of the Bureau of Business and Economic Research at Northeastern University. He was awarded a B.A. and M.A. by the University of Colorado and a Ph.D. by Harvard. He is a visiting professor at the University of Paris.

Dr. Shin-Shan Chern, mathematics department (fall term), has been professor of mathematics at the University of Chicago since 1940. Born in China, he holds degrees from National and Tsing Hua Universities and From Hamburg University in Germany.

Dr. Lennart A. E. Carleson, mathematics department, is associate member of the Rockefeller Institute for Medical Research and a noted biochemist. He received his B.S. and Ph.D. at Yale, and he was a Rockefeller Foundation fellow in Copenhagen in 1955-1956.

Dr. Alphonso M. Styer, economics and social science department, is professor of economics at the University of Wisconsin in Madison. A Rockefeller Foundation fellow in Copenhagen in 1955-1956, he received a doctorate by the University of California.

Dr. Harold J. Tint, economics and social science department, is a professor of economics and is professor of economics at the University of Wisconsin. He was awarded a B.A. and M.A. by the University of Colorado and a Ph.D. by Harvard. He is a visiting professor at Harvard University.
