### Intramural Football

(Continued from page 5)

League IV should be the closest league with no team really predictable. Phi Gamma Delta tied for second in the playoffs last year, but has lost some good men, while Phi Delta, Grad House, and Sigma Nu all possess top competition.

The Fijis are led by treasurer of the year, John Irving '58 and all star Chuck Ingraham '58, Bruce Blandard '57, and Hal Smith '57. The offense is once again the question mark, but a year's experience could prove valuable to tailback Al Beard '59. Rookie Don de Reiner '60 should be valuable.

Phi Delta is back after a disastrous ending last year which cost them a playoff berth, and they appear to be out to duplicate 1955's record which saw them bow only to SAE. Star back Walt Ackerlund '58 and defensive lineman Emil Wright '58 are the two outstanding players.

Grad House, always a question mark, could be dangerous if the spirit is there. Chuck Hughes is back again to lead the Grads who face Phi Gamma on Sunday, and Bill Troutman should help. Sigma Nu opens against Phi Delta and could win out with such stars as Chuck Con '60, Paul Elbet '58, and Ed Marke '58. A weak offense is the big problem here.

Competition here is harder to call, and must be analyzed as it develops.

---

### Rates for Other Ages and Other Types of Policies Available Upon Request

- Waiver of premium benefits are available to men up to 55 in acceptable occupations for a slight additional premium.
- Economy size in amounts of $3000 and up.
- Yearly Dividends Make Net Cost Still Lower.

---

**YES, SIR—**

I'm buying low-cost savings bank life insurance—didn't think I could afford it, but a neighbor told me about savings bank life insurance—and I had to take the first step—go direct to my savings bank.

I did and the people there showed me the right policy for my needs, an inexpensive one that I can afford. They direct to buyer method lowered selling costs—saved me money.

Why don't you look into Savings Bank Life Insurance?
