MIT Varsity Booters Overcome Crimson Beavers On Top 2-0, For Fourth Straight

by Dick Solomon ’59

A feisty fighting Harvard soccer squad was not quite enough to suppress the scoring power and skill of rookie goalie Charlie Hynie’s Blackbirds. A scoring and defensive battle, this game was primarily the great teamwork of the Tech backfield, and the ability of the sophomore to take advantage of the breaks offered it.

As halfbackblank slams the last downward, the Beavers were on their way to a 2-0 triumph over the Crimson in the home ’s final game.

New Flight Tracker Radar, R-12, for aircraft contains two solid-state module units of 150,000 transistors which constitute all significant installations of major as part of design of military research projects. Harvard scientists, Robert F. Schmeltzer, Professor of Physics, and Robert S. Hahn, Acting Director of the Harvard-Princeton projects, say the new system can be expanded to include their work in all areas of electrical engineering and science.
