Ruggers To Meet Dartmouth

A fast-improving Tech rugby squad will face the Dartmouth fives in the varsity game at 3 o'clock. The ruggers' first game won with the big guns, but several of the key players did not make the game, and the evening half-rugby team suffered a 20-0 defeat.

Tech's second game was with Harvard, which the Crimson won 46-0. However the team made a much better showing than against Dartmouth, even though they played on a water-logged field. The MIT second team defeated the Harvard seconds, and this squad will face the Dartmouth seconds and should give them a hard battle.

Rugby is a game which slightly resembles football, except that there is no blocking and no equipment is used. Each team fields fifteen men, and no substitutions allowed, even in case of an injury. The game is played in two 35 minute periods, with the clock stopping only if the ball goes so far off the field that it cannot be quickly recovered.

Leading the Tech squad will be John McDaniel and Chuck Henry, both Grad students. McDaniel, who plays center, gained his experience in England. Also adding to the team is newcomer Chuck Core, '60, playing center in his first year out for the team.

The team that will face Dartmouth is essentially the same squad that played last year, and who went to California last Spring Vacation to meet the top west coast team.

For real enjoyment—open up... and say “Ahh!”

Let's discuss CAREERS (not jobs) in Guided Missiles NOVEMBER 8

If you’re interested in guided missiles (and you should be because it’s the fastest growing engineering field today), you’ll be wise to talk to Bendix. As prime contractor for the vital Talos Missile, Bendix is big league. If you work for Bendix Guided Missiles, you work with the top men in the field, using facilities and equipment that are virtually unmatched. The future of Talos is one of ever-increasing research, development and test programs. That means you’ll grow, too, just as fast as your talent and ambition will let you.

Interested? Then, we’d like to talk to you. Make your appointment now.
