Frosh Dominate Interclass Meet

White And McConnell Top Scorers

Heavily represented in all events, the Class of '51 won the annual full track meet last Saturday. Second were the sophomores, followed by the juniors and seniors, respectively. The meet's Class of '51, 181, 156-26, '50-23, and '58-16.

Bob Williams '51 was the only double winner of the day, coping both the 100-yard dash and 100-yard low hurdles. Fresmen Brian White and Don McConnell were tied for high scorer with 12 points each.

White took first in the mile and half-mile and fourth in the low hurdles and broad jump. McConnell topped his total by capturing first in broad jump, second in the high jump and third in the shot put.

Others in the winner's circle were Don Murray '50, byyard high hurdles; Gary Gustafson '51, 440-yard dash; Bob Coventry '58, 880-yard run; Glen Harrett '51, mile run; Davis '51, high jump; and Walt Humann '50.

POTENTIAL GROWTH OVER THE NEXT 10 YEARS

Shown above is a dramatic and informative graph which should be of interest to every college student who is planning for an engineering degree.

While the growth of our industrial product in the United States is projected by experts at 50 per cent ten years from now, there is every indication that the increase in our unit sales of electricity and gas will be twice as great ... a whopping 100 per cent!

This means one important thing to you ... opportunity! The electric and gas industry is vibrant, full of promise for a bright future, and full of excellent chances for you to advance.

Look for the Public Service man the next time he is on your campus.
