bush league

Taking full advantage of the added facilities gained by MIT's purchase of the Armory, interest in intramural basketball has grown considerably this season, with the result that there are fourteens squads competing in seven leagues. Six having half dozen teams, and one with five.

In League 1, Theta Chi “A” has climbed to the top in its opening games, and looks to have met defeat at least once, leaving that race a toss-up.

League VI has Baker “A” and Alphas Tau Omegas tied for first with records of 2-0. The Baker wins have been piracy their high-scoring center, Dick Brat. In League VII, Delta Tau Delta is undefeated in its two encounters, while Pi Gamma Delta has played one game. Every squad in League IV has met defeat at least once, leaving it a toss-up.
