THE CHALLENGE
Current projects at UCRL are at the very frontier of nuclear research. Assignments are fresh and stimulating at all levels. Here one calls upon his creative imagination as well as his ability to help solve fundamental problems in nuclear science.

ASSOCIATES
Men noted for outstanding accomplishments in your field are on the UCRL staff. Many of them have contributed pioneer achievements in the nuclear field. You share their pioneering knowledge and have their encouragement at UCRL.

FACILITIES
Generally considered unmatched in the field, UCRL facilities give project workers access to all the latest instruments of research—from high-speed digital computers, water-boiler reactors, particle accelerators, to facilities in nuclear magnetic resonance—electron spin resonance.

ATMOSPHERE
UCRL is directed by scientists and engineers. Here you'll find the right climate for work and advancement, encouragement for initiative. And you'll enjoy the opportunity to work in the San Francisco Bay Area.

Wildcats Down Burkemen 67-60;
Four Beavers Hit Double Figures

In a closely played game, the MIT varsity hockey team dropped their third straight encounter Tuesday night to the University of New Hampshire Wildcats by a 67-60 margin. It was a round robin game for the entire game, hitting only 275 for the evening. Pacing the Tech five was center Norm Howard '68 with 25 points. The score remained close throughout the opening period, but the UNH squad managed to keep a lead until near the end of the half when Tech opened up a three point lead at two different times.

ANNOUNCING THE WINNER

Art Sweeney '59 as closely predicted the unassailable score of the Harvard-MIT basketball encounter that he has become the possessor of a six pack of beer compliments of the "Tech." His prediction: MIT 64, Harvard 76.

New Hampshire, however, took the lead again at the start of the second period and kept it, until the final gun sounded with the scoreboard in favor by seven points.

_ENCODING THE WINNER

Four Beavers Hit Double Figures; UNH Triumphs 9-2

Last year New Hampshire almost evened for half of the game, MIT's varsity hockey squad had their defense fall apart, as they went on to suffer a 2-2 defeat at the hands of the Dartmouth's Tuesday night on the victors' ice.

The home pucksters opened the evening, but Tech started right back with right wing Ed Sullivan '68 slamming in a pass from center George Peckingham '69. Before the period ended, the Beavers were a goal behind.

Brownie after the start of the next session, the Wildcats counted another, only to have the Beavers close the gap to 3-2 one minute later when George Kirk '58 denting the twines after an assist from Sullivan. As the contest continued, the Cardinals and Gray lost the spark they had to see UNH tally six more times to complete the rout.

Engineer gooie Dick Burgie '68 had a rough evening as he stopped 50 shots.

FOREIGN CAR OWNERS -- PRE HOLIDAY SERVICE SPECIAL

Any foreign car will be completely lubricated before you leave with any size of service at 1.00 or over. This offer good until December 31st only.

Here your work done by foreign car specialists at reasonable prices right here in Cambridge. See that your car is ready to go before the big holiday vacation. Drop in or call for appointment.
