For other ages, 15-21.
Consult your savings bank for details.

COMMERCEPORT SAVINGS BANK

SAVINGS BANK LIFE INSURANCE

Con Edison wants men who can grow fast... men who can prove their ability and move ahead to increasingly important staff and management jobs.

Con Edison will spend $750,000,000 in the next five years—which includes the construction of a 275,000 KW nuclear reactor power plant at Indian Point in Westchester County—to expand and improve its electric, gas and steam services.

Con Edison has 807 top staff and management posts. 90% of the men now holding these positions must be replaced in the next 15 years because of retirements and other attrition. Over 250 of these vacancies will be filled in the next five years.

Our big construction program, together with management attrition, spell truly exceptional opportunities. We have interesting jobs—and progressively better ones—as you qualify.

Your Placement Office has copies of our brochure.
