OCEAN TO OCEAN ACROSS SOUTH AMERICA—AND BACK—IN 41 HOURS!

CHEVY'S NEW V8 LEVELS THE HIGHEST, HARDEST HIGHWAY OVER THE ANDES!

To prove the durability of Chevy's radical new Turbo-Thrust V8,* the tremendous flexibility of the new Turbo-glide transmission,* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile general San Martin Highway. To make it harder, the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or make or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, into the ramps of the forbidding Andes. Up and up the road climbed, almost 2 miles in the sky! Drivers gasped for oxygen at 15,572 feet — but the Turbo-Thrust V8 never slackened its power. The Full Coil springs smoothed every bump, the Turbo-glide transmission made play of grades up to 30 percent. Then a plunge to the Pacific at Valparaiso, Chile, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off!!
