There's an important future ahead for the men who wear these wings

U.S. AIR FORCE AVIATION CADET PROGRAM

The Air Force pilot or navigator is a man of many talents. He is, first of all, a master of the sky--and no finer exists. In addition, he has a firm background in engineering, electronics, astro-navigation and allied fields. Then, too, he must show outstanding qualities of initiative, leadership and self-reliance. He is, in short, a man uniquely prepared for an important career in the new Space Age. As a college graduate, you will be given priority consideration for the Air Force Aviation Cadet Program. While openings are limited, you will be tested and advised immediately of qualification status. Find out if you measure up. Paste the attached coupon on a post card and mail it now.
