Activities Advisory Council Suggested to Curb Mistsakes

The student-faculty administration-hallway conferences, held last Sun-
day morning, were well attended for a single advisory council and for all the activites, to pre-
vent mistakes. The conferences between this, the evening committee, will meet after the conclu-
sion of the meetings, of the morning, under the leadership of Dr. Sussmann. He admitted that, simply,
that of furnishing advice to the students, whose mistakes, could otherwise be avoided, with no necessary
the consensus of this advice would not be mandatory.

Card File of Troubles

Another suggestion to implement this idea was that of a cross-indexed card file, to list all the re-
current problems experienced by the committees. During all of this discussion, there were two definite factions in conflict at the meeting. One maintai-
ning the card file must be made by mak-
ing mistakes; the other felt that mak-
ing mistakes would cause the card file to become long and useless. The latter view predominated by the end of the meeting.

Another result of the conference, as suggested by McDonald, was "the realization that student government, faculty and administration are all ailing for the same reasons, and that relieving conditions are only different points of view on the same matter."

The American Airlines flight from New York touched down at Logan Airport yesterday afternoon, bringing six student editors from the Soviet Union. Their ages ranged from 18 to 26 years, and were involved in student journalism, who had worked their way up from paper rounders to being editors of prominent publications. All six have been described as "hard-carrying party members," well versed in Russian government.

Among the greetings at the airport were: Arnie Amstutz '58, ex-Under-
graduate Association President, and Jerry Steinfeld, "Bob no license." Their arrival was announced by the MIIT student editor from the Soviet Union, "Vokal Gergo" and Alexia Bur-
stein.

The six Russians will reside at Boston House during their week in Boston. During the first five days, they have been preparing for their stay. Thursday night, immediately after landing in Boston, they went to a lecture in the Hotel Room at the MIT Gradu-
ate Student Association. Afterwards, they held a press conference at Harvard, and spent the rest of the evening with private families in the area. Jerry Steinfeld brought them back to Boston House, where their suite, assigned by the hotel, has been assigned rooms for the week.

Today, the Russelians are touring Harvard Yard, and later tonight at the Harvard Crimson. Tomorrow morning, they are schooled for a breakfast luncheon at Harvard University and Parker House. In the afternoon, they will hold a press conference for col-
lege newspapers at Simmons.

Friday morning, the Boston Union will conduct the Russelians on a guided tour of Boston's cultural landmarks and scenic areas. This will be followed by a luncheon at the Russian Pavilion of Massachusetts at Harvard, Friday morning, there will be a meeting of the students of the Union.
