THE TECH OFFERS

- As an RCA Engineer

Receive your MS in Electrical Engineering,
Mechanical Engineering or Physics at RCA's
expense, through the RCA Graduate Study
Program. At the same time, you're beginning
your RCA career as an engineer in a fully
professional environment, getting a head start in
the field you prefer. RCA pays the full cost of
your tuition, fees and approved texts while
you take graduate study part time at the Uni-
versity of Pennsylvania or Rutgers University.
Do you wish to follow a different path? Why
RCA Design and Development Specialized
Training. There are more of RCA's pro-
gress for careers, in which you begin by
working full-time on planned technical assign-
ments. Experienced engineers and interested
managers guide your progress. You may
receive assignments in design and development
of radar, airborne electronics, computers,
missile electronics, instrumentation, radio and other
equipment fields, as well as in Electron Tubes,
Semiconductors and Components. MS, PhD
Candidates are eligible for direct assignments
in the above mentioned fields.

There's a lot more that's extremely interesting
about an RCA engineering career. You should
have these facts to make a wise decision about
your future. Get them in person very soon
when an RCA engineering manager repre-

Don't settle for one without the other!

Change to LM and get 'em both! Such an improved filter and more taste! Better
taste than in any other cigarette. Yes, today's LM combines the two essentials
of modern smoking enjoyment—less tar and more taste— in one great cigarette.

Puff by puff
Less tars & More taste

Don't settle for one without the other!
