Harrier Cup

Bob Mullen '60 and Dan, were elected co-captains of the first varsity men's tennis team at the annual awards dinner held last week. They were among six freshman intercollegiates who were able to view this afternoon's opening, which was marked by the most action in the first 15 events.

While the Harriers look to compete in the next few months, T1 has been a flurry of activity, with important events scheduled for next week. Richard L. "Dick" Olmstead is the new athletic director, bringing with him several new initiatives. The cross country team at the annual awards dinner had the first chance for the Harriers to see their new leader.

Howl, the team mascot, was on hand to cheer on the team, and the Harriers' new fortunes were the subject of much discussion among the team.
