THIS IS THE ONE FOR WAGONS! 1959 CHEVY

Chevrolet’s five stunning new station wagons for ‘59 are shaped to the new American taste with fresh, fine Slimline design. And they’re beautifully practical—with roomier, quieter Bodies by Fisher, even smoother ride, new ease of handling!

Wagons were never more beautiful or dutiful. From low-set headlights to wing-shaped tailgate, these ‘59 Chevrolets are as sweet looking as anything on wheels. They’re just about the handiest things on wheels, too—from their overhead-curving windshield to their longer, wider load platform. Inside, additional cargo space, you also get added seating room (4 inches more in front, over 3 inches in back). And you’ll find each other practical advantages as new easy-ratio steering, Safety Fluted Glass all around, bigger, safer brakes, smoother-than-ever Full Coil suspension and a roll-down rear window (electrically operated as standard equipment on the 9-passenger Kingswood). Your dealer’s waiting now with all the details on why this year—more than ever—Chevy’s the one for wagons.

Puff by puff Less tars & More taste

DON’T SETTLE FOR ONE WITHOUT THE OTHER!

Change to L&M and get ’em both. Such an improved filter and more taste! Better taste than in any other cigarette. Yes, today’s L&M combines these two essentials of modern smoking enjoyment—less tars and more taste—in one great cigarette.

THEY SAID IT COULDN’T BE DONE! Who would believe you could get college credits by watching T.V.? But television now offers daily classes in atomic physics— and over 300 colleges and universities across the nation are giving credit for TV courses.
