There's an important future ahead for the men who wear these wings.

NEW ADJUSTABLE

REMINGTON ROLL-A-MATIC ELECTRIC SHAVER... when a Remington Rand Electric Shaver is selected by a thinking man's finesse and a sporting man's contact-LACROSSE. Call Manager Strachan at 4-5271 or ext. 3217 or Travel New England for information on travel arrangements by train, bus or plane. Travel-Adventure-Reward.

Roll-A-Matic shaving solves all! A single fabulous shaver now adjusts to solve every shaving problem from your first shave on, all through life—no matter how your beard or skin may change.

Secrets in Remington's exclusive Roller Combs. They make Remington America's biggest selling shaver—will always adjust your Hidden Beard: whisker bases below ordinary shaving level. Now, they adjust, fit any face faster, closer shaves that last hours longer. So get the only shaver that adjusts to you all your life—Remington's Roll-A-Matic Shaver. At your campus Remington dealer, or any jewelry, drug, department or appliance store.

Beaver Weightlifters Qualify to Compete in Nationals Next Week

Having added further triumphs to a successful season, the MIT weightlifters announced Monday that Ted Lewis '59, Ken Krohn '59, and Artie Lent '62, had qualified to compete in the National Collegiate Weightlifting Championships to be held at the University of Pittsburgh on Saturday, April 18.

To qualify a lifter must have had one of the five highest totals this year of the applicant in his weight class. Lewis' total of 495 pounds in the 132-lb. class secured his entry, while Krohn and Lent both qualified in the 145-lb. class with totals of 689 and 693 pounds respectively.

After winning two meets with Eastern Nazarene College and one with Bowdoin, the Beavers had hoped to remain the Eastern Collegiate championship; but because of difficulties in scheduling, the meet had to be held on Easter Sunday, and MIT did not send a team. Lewis and Jeff Sperber '59, lifted surprisingly well, taking second among the 132-lb. class with 495 pounds, again, to 495 pounds by Bob Hamilton of CCNY. Switzer lifted 584 pounds for fourth in the 145-lb. class and CCNY's Beaver Barbell Club won the meet, taking finals in the 132, 145, and 165-lb. classes.

As part of the activities for international week, there will be a campus show on Sunday afternoon at Briggs Field between show "Gunsmoke" on the CBS TV Network.

The Air Force pilot or navigator is a man of many talents. He is, first of all, a master of the skies—and no finer exists. In addition, he has a firm background in astro-navigation, electronics, engineering and allied fields. Thus, too, he must show outstanding qualities of leadership, initiative and self-reliance. In short, he is a man eminently prepared for an important future in the new Age of Space. Find out today if you can qualify as an Air Force pilot or navigator. Paste the attached coupon on a postal card and mail it now.
