The following committee to occasional tips found on tables, go toward the production of A-Ball. 

A-Ball is the highlight of both the Walker year and the MIT social season. This dance, given in the spring is the only really formal event on campus, requiring white tie and tails, an invitation, and an admission charge. It is considered by many a privilege to be designated an Honored Guest of A-Ball even though it requires performing a few duties. The ball is ran by a committee that functions from the beginning of the year right through till after the dance.

Mr. Rhodes, in charge of the operation, asks that they be given a fair chance to show what they call do, particularly after the month needed to train the Freshmen in performing their duties. It is considered by many a punishment for mildness and fine tobacco taste!

For the first time, Pritchett Lounge this year is being run entirely by the students themselves; it has been reorganized and improved right down to the removal of such things as the trees which used to make it an aesthetic horror.

For the first time, Pritchett Lounge this year is being run entirely by the students themselves; it has been reorganized and improved right down to the removal of such things as the trees which used to make it an aesthetic horror.

At its first meeting of the season the Technical High Radio Society, W1MX, enrolled 20 new members and made plans for reorganizing the club station on the third floor of Walker Memorial. W1MX was previously located at Westgate which was razed last fall. At the meeting, President John Dunneberg, W1MFD, announced that the society will convert its directional high frequency antenna atop a 30 ft. self-supporting tower which will be placed on the roof of Walker.

**Walker Staff Community in Itself; Takes Over Pritchett This Year**

One of the larger student organizations on campus, the Walker Student Staff, functions almost as a small community in itself. Made up this year of 91 men, 40 of whom are freshmen, the staff is made of elected Head Captain Norm Bednorz, '60, Bugman Rhoads, '60, in charge of Pritchett Lounge, and William Park, '60, Secretary, in charge of the payroll and all outside operations.

**UNLIKE A WOMAN**

You know what they say about the fairer sex..."It's not the initial cost—it's the upkeep." Here's the only ThriftCheck Service with no monthly maintenance charge...just $3.00 for 24 checks (get a math major to figure out unit cost for you). No unlike a woman—but so practical for the student financier. (Your name is imprinted on each check.) But that's not all.

1. You get fast, 24 hour reorder service. If you start writing checks like they're going out of style.
2. You receive a complete statement, showing all entries, each quarter. (This is a very revealing document—and invaluable in controlling your meager impecuniosity.)
3. You may bank at any Merchants Office. Our Kenmore Square office is probably handiest for you.
4. There's no "maintenance cost" with a Merchant's ThriftCheck account.

WHERE THE MAN YOU TALK TO IS THE BANK
