TCA Established In New Offices; Plans Skeptics Seminars

The Technology Community Association, which began its move to its new offices over Thanksgiving, was completely established there this week. The new offices in Tyler Lounge in the entrance to Walter Memorial offer more space, which TCA hopes will allow better services.

In particular, TCA reports that its metagraphics service has seen great expansion, while its other services — book exchange, social services, publication, theatre reservations, etc. — have continued in wide use.

Skeptics Seminars Planned

The Skeptics' Seminar series of forums has been announced by TCA for the next few weeks. Professor Rater of the Economics Department will speak on "How Much National Defense Can We Afford?" Later, Professor Bloomfield of the Political Science Department will speak on "The Politics of Outer Space."

TCA has also reported the results of the Chariot's drive, which formally closed several weeks ago. $1900 was collected, which was below TCA's goal.

Band Concert Tonight

The MIT Concert Band will present its annual fall concert this evening at 8:00 in Kresge Auditorium, John Corley conducting. The program is at 8:30 in Kresge Auditorium, John Corley conducting.

"Itzhak," by Morin, will precede intermission.

The second half of the program will be occupied with complete "Symphony for Band" by Thomas Beavers, Jr.

Dr. Frood's Moral of the Month

Things worth having are worth working for. For example: If you want a football letter, find a football player and ask him to write you one.

Dear Dr. Frood: I am 35-year-old freshman. Should I wear a beard?

Dear Dr. Frood: I am a 35-year-old freshman. Should I wear a beard?

Dear Dr. Frood: If I were a 35-year-old freshman, I'd wear a mask.

Dear Dr. Frood: Nobody likes me. Girls despise me. Men can't stand me. Prof's detest me. Dogs snap at my cuffs. What should I do?

Dr. Frood: Don't ask me. I don't like you, either.

Dear Dr. Frood: I'm smoking everything but math. I get D in that. Help me.

Dear Dr. Frood: I have a ravishingly beautiful girl in my class. Sadly, she is witless. Should I flunk her?

Dr. Frood and the Amazing New Filter

I had occasion recently to study the remarkable "no smoke" filter made of solid lead. No matter how hard you puff, you get no intake. Incidentally, much of these cigarettes weighs 1 pound. Luckies weigh less... and you get smoke. The best.
