March 1 Announced Election Date

Tuesday, March 1, has been announced as the date for the upcoming UAP elections by Jerry Staack, '61, chairman of the Secretariat Elections Committee. Staack stated that class officer elections will also be held on this date.

In previous years the UAP election preceded the class officer elections by a week. These reasons were given for the change. It is hoped that more people would vote if there is only one election, and the postponement of the UAP election for one week will give the candidates more time to campaign. Also, Monday, February 22, is a holiday and might influence poll attendance the following day. Staack expressed the hope that this change would bring about increased election activity.

Nomination Petitions Available

Nomination petitions for all offices must be in the Secretariat office by 12:55 P.M., Friday, February 19. Petitions must contain the names of ten percent of the eligible voters, which will amount to about 95 for each class officer can-

Students will vote for candidates in order of preference. If no candidate has a majority of votes, the candidate with the least number of votes will be eliminated and his vote will be given to those whose names appear as second choice on his ballot. This procedure is followed until a majority has a candidate.

Seniors Elect Permanent Leaders

Seniors will be voting for their permanent class officers and executive council.

Voting is done by the preferred method, but the ballot counting for the executive committee will be done by the point count method. A first choice vote will be worth a number of points equal to the number of candidates, a second choice one less, and so forth. The highest point total will determine the winner.

Committee Sets Senior Prom Date

Jerry Staack, '61, has been elected junior representative to the Senior Week Committee. The committee's purpose is to arrange for the Senior Prom, to be held at the Sheraton Plaza on June 8, and the Sheraton Plaza.

The Student Week Committee has set the date for the Senior Prom as June 8, and the Sheraton Plaza.

The annual student banquet will be held Friday night of finals. The Senior Week Committee has urged that all seniors attend Club 90 event.

Mendes-France Captivates 1400 Cities Policies for West

Mendes-France stated that the West must increase its rate of economic growth. He stated that the West must limit its arms race if it is to successfully combat the Soviet challenge. Speaking in broken but positive English, the short French politician and the conflict of ideologies could not be resolved by war because both sides can annihilate each other and know that they will.

Mendes-France argued that if the economic growth of two countries is different, the one with the higher rate is in the economic challenge. He stressed the importance of the rate by pointing out that Russia will not surpass France in economic growth if France increases its rate of growth to two percent. With her present rate of growth, Russia will surpass France in 1975 by fifty percent.
