Building Twenty either has some irresistible attraction that draws attrac-
tive secretaries or else the working girls are paid time-and-a-half for working in temporary structures. Whichever reason, today's Technology, Marilyn Snider, becomes the third Technology of Week from Building Twenty. Marilyn works for Mr. Percy Lund, Director of Illustrations Service. The Illustrations Service is a classified zone due to the thesis preparation as well as esprit for various persons at the Institute. Marilyn is twenty years old, five feet four inches tall. A native of Brook-
town, she has worked at MIT for three years. She has black hair and brown eyes, Marilyn's favorite food is Chinese food — "prepared American style of course." She also loves to ski, both ala Vermont and behind an outboard.

Her opinion of MIT men — "They're great — I'm engaged to one!" Asked how she met intended, Marilyn replied, "He came into the office while working, course." She also loves to ski, both ala Vermont and behind an outboard.
