The APO Carnival this Saturday night features many booths, and Chi Phi is featuring a booth with a mini-golf course where the ball is shot around the course to ring the bell, and an osculation meter. Kappa Sigma is featuring a booth with a miniature train set which operates on an infinite number of demonstrations, and_JSON does not describe what these demonstrations are.

After the Coronation of the Queen at 9:15 P.M., there will be auction of photos and prizes to the winning booths. The queen will reign over the Carnival and present the trophies to the winning booths. The Queen To Award Prizes For Top Booths.

Entertainment .............. 5, 6

Activities Plan Exhibits

Ships, trains, rockets, and modern art will be on display at this Parent's Weekend. Thought such exhibits are common at MIT, the combination of such fine art over one is rare.

Trains in Building Twenty

This Saturday will see the Annual Open House of the Tech Model Railroad Club. The forty members of the TMRC (Tech Model Railroad Club) are part of the Space-age course. They show the development of model railroading. Their layout includes over a tenth mile of HO scale track of which operator is running which train and tells the operator what the track conditions are ahead of his particular train. It enables five different track systems in New England. Their layout includes over a tenth mile of HO scale track of which operator is running which train and tells the operator what the track conditions are ahead of his particular train. It enables five different track conditions to be operated simultaneously.

Space Exhibit in Seven

The Lobby of Building Seven holds an exhibit entitled "The Exploration of the Space, the Contemporary Science, and the Environment." This exhibit is sponsored by the Physics Department.

APRIL 27

Parents will also discover varying angles of broad courses with which to view their son's social life and environment. A visit to an individual dormitory or fraternity house is followed by an all-Institute tea at the home of Dean Frederick G. Passey, Jr., Chairman of the Corporation. Sponsor A Table at the Gala Banquet

The Gala Banquet will be held in the College of the Arts and Sciences at 6:00 P.M. The dress will be semi-formal. A table may be reserved at $5.00 per person.

Certificate of Admission

Children of parents may be admitted to the Gala Banquet. They are asked to wear a badge which will be given to them at the Gala Banquet.

Tickets ($2.00, reserved; $1.50 unreserved) may be obtained from the MIT Music Office, ext. 3210. Tickets,$2.00, reserved, $1.50 unreserved, may be obtained from the MIT Music Office, ext. 3210.

Dr. James R. Killian, Jr., President, will deliver an address on "Future Trends in Education." Dr. Killian will discuss the future trends in education and the role of colleges and universities in preparing for the future. He will also discuss the importance of research and education in preparing for the future.

In addition to Dr. Killian's address, there will be a variety of musical performances, including a choral and instrumental performance by the MIT Symphony Orchestra, a chamber music performance by the MIT Chamber Players, and a jazz performance by the MIT Jazz Band.

Dr. Killian's address and the musical performances will be followed by a Q&A session, where students and parents will have the opportunity to ask questions about the future of education and the role of colleges and universities in preparing for the future.
