**Sloan Foundation Grants $5 Million To MIT**

A five million dollar fund has been set up this week by the Alfred P. Sloan Foundation to be used for the support of the Sloan Research Fellowships. The President of MIT, T. B. Cooke, on Thursday, May 12, announced the details of the fellowship. The fund is specifically designated to "people as distinguished from projects".

Dr. Stratton expresses thanks:

"We are most grateful to the Foundation for this magnificent grant." Dr. Strawton, President of MIT, by telegraph with the deep interest of Sloan and the foundation in the advancement of American science and engineering.

Since the grant is not restricted, it imparts a flexibility to the Institute's ability to make awards to the best qualified group in the field of research where specific and in it is in.

Through the years the Sloan Foundation has contributed a substantial endowment to the support of research in the physical sciences and engineering.

The Beaver Key Trophy for excellence in participation in intercollegiate athletics went to Sigma Nu.

No. 22

Voo Doo Ignominiously Defeated

**T. C. Club Presents**

The T. C. Club will meet on Wednesday, May 18, in DePauw Athletic Center. Important decisions will be made in closing.

**Scholarship, Professor, Awards 1961**

Cabinet Colonel Robert S. Yoak, '60, of the U. S. Army ROTC at MIT, received the highest award of the Annual Military Day held last Tuesday at Stagg Field. Colonel Gilbert G. Brinckerhoff, Jr., U. S. Army, professor of military science and tactics, presented Yoak with the "Superior Cadet Award" as the outstanding cadre of the meeting. Yoak also received the annual American Ordnance Association Scholarship Key, presented by Colonel Daniel Hannon, Deputy Post Commander, Fort Devens, Mass.; Col. Frederick H. Fairchild, Control Development Division, Hanscom Field, Bedford; Col. Albert J. Melito, Department of Aeronautics and Astronautics at MIT. Colonel Yoak was awarded two scholarships, one in store.

**RSVP**
