In the MIT area there isn't too much happening this week,
except for the last-minute end-of-term parties at various
living groups! Something is happening Friday night at Kresge
Auditorium, though—the Technionians will present a concert in
big band jazz at 8:30 p.m. which will include arrangements by
such composers as Stan Kenton and Marshall Brown. The Technion-
ians is a fifteen-piece band ensemble whose members are
MIT undergraduate and graduate students. Their leader is John
Schutz, a first-year student in physics from Fair Lawn, New
Jersey.

Gigi, the multi-Academy award winning film, and two art
films, Color Lithography and Matisse, are being featured at the
Boston Museum of Fine Arts during May. Gigi, starring Leslie
Caron and Louis Jourdan, will be shown Saturday and Sunday,

well concert as both Rolf and

**Take a puff... it's Springtime!** Somewhere there's a
place you love especially well in springtime...perhaps a place of hill-
side and valley like this. You'll think of this place when you try a Salem
cigarette, so soft, so gentle, so refreshing is its smoke. Special High
Purity paper "air-softens" every puff. Fine tobaccos add their own
richness to Salem's taste, too. Smoke refreshed...smoke Salem!
