Admittedly, our standards are high at Western Electric. But engineering graduates who can meet them, and who decide to join us, will begin their careers at one of the best times in the history of the company. For plentiful opportunities await them in both engineering and management.

As we enter a new era of communications, Western Electric engineers are carrying forward assignments that affect the whole art of telephony from electronic devices to high-speed sound transmission. And, in the management category alone, several thousand supervisory jobs will be available to W.E. people within the next 10 years. Many of these new managers will come from the class of '62.

Now's the time for you to start thinking of career directions that will help make the interesting course of his career—while advancing as fast as his abilities allow. And he'll be secure in the knowledge that he is growing with a company dedicated to helping America set the pace in improving communications for a rapidly growing world.

Challenging opportunities exist now at Western Electric for chemical, mechanical, industrial, and chemical engineers, as well as other scientific, liberal arts, and business majors. All qualified applicants will receive careful consideration for employment without regard to race, creed, color or national origin. For more information about Western Electric, write College Relations, Western Electric Company, Room 6106, 222 Broadway, New York 13, New York. And be sure to arrange for a Western Electric interview when our representatives visit your campus.

(Continued from Page 4) ‘Nearly every speechman has compiled his personal biblical of old phrases, but a complete and comprehensive set such as this one is indeed rare.’

We agree with the Roosevelt that a Student Enterprise Committee is certainly needed and should be formed. Even before the inception of our project, the Quiz Book Committee consulted the three Departments Head and the Dean of Students who received approval for compiling such a quiz book.

At our own suggestion, we are preparing to Institute Committee the report of our ethical and financial position.

We wish that our critics had read our two-page frontiers letter prior to comment.
