DO YOU KNOW WHERE SOUTH AFRICA IS?  PROBABLY, YOU SAY, IT IS THE SOUTHERNMOST PART OF THE CONTINENT OF AFRICA. AT LEAST THAT'S WHAT IT WAS THE LAST TIME YOU LOOKED AT A MAP. WELL, IF LOBSTERS ARE ANY INDICATION, THE LOCATION OF SOUTH AFRICA IS SUBJECT TO SUBSTANTIAL GEOGRAPHICAL CHANGE.

It was at this point that the first voyage of South African lobsters was arranged. South Africa, from the lobster's point of view anyway, was moved to the island of Tristan da Cunha, 4500 miles off the coast of Africa. Apparently, the Shetland Islands had married that racial policies were homogenious. "South African lobster" was redefined to the restaurant manager as "South African Lobster Tails." The islanders had then been moved to the Shetland Islands, where they will be able to maintain a Robert Saudek, President

"The more specialists society creates to cope with its complexities, the easier it can be for a non-specialist to achieve success. If that seems paradoxical, look at it this way: the more men who go out for specific positions on the ball club, the more chance you have to wind up as a manager! Today's world — in government, business, the arts, even science — needs the well-rounded man. He's the man who can see the entire picture...the man who can draw on a broad background of knowledge, evaluate the problem, then assign the details to specialists.
