Eagle To Head New Committee; Spring Weekend Publicity Need

By Woody Bowman

As UAP-elect I would like to release some information which may be of general interest.

The signing of Dakota Sta- tion and Oscar Brand for the Spring Weekend festivities may not be new to most people, but there are some I imagine have not heard of it due to exceedingly poor publicity. This weekend promises to be something to rival, perhaps surpass. Centen- nial weekend and I hope the campus takes advantage of all it will have to offer.

The election results were significant. First, it reflected the opinion of a large majority of the people (in a record-breaking turnout) that student government should not actively engage in questions of a political nature. It also showed by Mr. Eagle placing second, that there is a large amount of interest in public affairs on campus. I have therefore appointed Mr. Eagle to head a temporary committee to investigate the breadth and depth of students' interest in public affairs, to isolate the issues involved, and to make recommendations for action. The report will then be turned over to SCEP. Any action which is taken will be compatible with my platform and will most li- 

ly take the form of implement- ing courses.

Something which came up is the election which I thought went without saying was the question of office hours. I will have definite hours (except in case of appointments elsewhere, etc.). I will be in Liffield Monday, Wednesday and Friday between 10 and 12:30 and after 2:00 for about two hours (this will be somewhat unpredictable); also Tuesday and Thurs- day after 3:00 for about two hours. The room is 501-10; the phone is ext. 2996.

Nominations for Judicial Committee Chairman will be open until March 23. Nominations can be made by calling x2696. Elections are by the Institute Committee on April 5.

Subcommittee chairman nom- inations for Student Committee on Educational Policy, Fresh- men Coordinating Committee, International Programs Com- mittee, and Public Relations Committee are open until April 9. Elections will be by Incumbent on April 12.

"UAP Letter" will be written periodically for The Tech by Mr. Bowman.

Accept no substitutes! Always insist on Schaefer; it's the one beer to have when you're having more than one.
